FELLOWSHIP MEETING HELD AT LEBANON.

Nearly 200 People at the Morning and Afternoon Sessions, Which Were of Great Interest and Profit.

The annual fellowship meeting of the Lebanon Congregational church was held Tuesday, the beautiful weather bringing out an attendance of nearly 200 people from the neighboring towns.

Rev. L. E. Livermore of Lebanon presided during the two sessions. Vocal solos by Mrs. Fred Taylor and Mrs. Edward Robinson contributed much to the day's exercises. Owing to illness, Mr. Ricketts was unable to be present and his paper was read by Rev. E. B. Smith of the Lebanon church. The spirit pervading the entire day was that of earnest and devotional meditation, and all present were deeply benefited both by the addresses and by the intermissions of testimony and prayer.

The programme for the morning follows: Devotional service, Mr. Burr of Goshen; The Blessedness of Possessing God, Rev. A. J. Park of Exeter; The Blessedness of Prayer, Rev. Harry A. Beattie of Franklin; vocal solo, Silent Prayer, Mrs. Fred Taylor, Luncheon.

In the afternoon a praise service and business session, after which the following papers were given: The Blessedness of the Manifested Christ, Rev. Charles H. Ricketts; The Blessedness of Heaven, Rev. Charles H. Ricketts; The Blessedness of Service, James W. Eadie of Hanover; The Blessedness of the Christian Life, Rev. J. R. Ricketts of New London; vocal solo, Abide With Me, Mrs. Edward Robinson.

ANNUAL BILL DINNER
SET FOR AUG. 30
Prof. Curtis Geer of Hartford Will Be the Speaker of the Day.

Preparations are being made by the committee for the annual literary exercises and dinner to be held Aug. 30th by the Bill Litterer association. It is expected that about 100 persons will be present. The speaker of the day, Prof. Curtis Geer, assisted by Mrs. Henderson, a soloist of the occasion. The town claims both Mr. Geer and Mrs. Henderson, Mr. Geer living within the borders of the extreme south, and both are now residents of the town. The other singers and the pianist will be LeRoy people.

CLARK, RIMS CROMPTON BOSWORTH

Has the Lead of the Roque Players and a Good Start For National Honors—Burns and Whitaker Leading in Second Division—Four Van Wickle Games Played—Business Meeting of Association.

A number of important games of the national roque tournament were played on the Rockwell street grounds on Wednesday, and as the result ex-Champion Clark leads the bunch of experts for first honors, having beaten all comers thus far, including Champion Bosworth and the undefeated Champion Cox. He shut out Bosworth, winning from him in the fastest game of the tournament thus far, by not allowing him an arch. The game lasted but 20 minutes and was the first defeat of the champion and a most important one for Clark, because.

Cox Enters Game Again.
The arrival of Cox on the grounds was the cause for a general welcome to the three-times champion, and he got into the game at once and played four games during the day. Unfortunately he was pitted against some of the best players at the start off, before he had had chance to warm up and get acquainted with the courts. This is the result

the medals may be decided. Other important games will also be played and record attendance is looked for.

ANNUAL BUSINESS MEETING

Reports of Officers and Suggestions for Concrete Borders—Discussion About Rules.

The annual business meeting of the national association was held in the club house this evening, being called to order about 7:45 o'clock by President C. G. Williams. About twenty members were present, representing about a dozen clubs. The minutes were kept by Secretary Frank H. Foss, who, after calling the roll, read his minutes of the last two meetings, which were approved. He also presented his report as treasurer, which had been duly audited and approved, showing a balance at the beginning of the year of \$13.90, receipts of \$404.60,

expenditures of \$403.61, and balance on hand of \$14.79. It was accepted.

President Williams named Messrs. Williamson Kirk and Cox as the committee on nominations. He reported for concrete borders that there were twelve playing in the first division, fourteen in the second and three in the third, and that Mr. King vs. Mr. Webb and Mr. Whitaker vs. Mr. Cox were the two Van Wickle games.

Chairman Foss of the committee on grounds reported among other things that the Norwich Bouquet and Tennis club had been allowed the use of one of the grounds for a tennis court with the understanding that it would be given up if needed for roque and that three more Tungsten light had been installed on the two grounds where the Van Wickle medal games are played. He said that more beams for borders and more rubber would be needed by another year, costing about \$75 to \$85, and in view of the expenditures of so much money he recommended that the association consider seriously the advisability of concrete borders for at least two of the courts. The work done on the grounds this year will amount to about \$137, practically the same as last year. He reported the offer from the Cottage City club of the arch for three grounds.

Some inquiries were made by Mr. Jacobus and he moved that the arches be accepted and that the Cottage City club be directed to ship them by freight.

Mr. Jacobus was called on for a report from the committee on rules. The rules were in good shape, he said, except that in rule five it was generally understood that the word "replaced" should read "replaced." The only suggestion made during the year to the committee had been debarbing jump shots.

Mr. Jacobus, also chairman of the finance committee, said that he had no report for this meeting, but would probably have one for a later meeting.

President Williams named the following roqueology committee: Messrs. Jacobus, Wahby and Rodman. The names of E. M. Baldwin and Noyes Meach were mentioned as those of two members who have died during the year.

Mr. Jacobus spoke in the way of suggestion about a tendency to laxity about the rules, which he said he had observed, referring especially to giving the ball a second impulse and to talking or moving while the ball was in motion. He said that the custom in roque was not nearly as strict as to some of these rule observances as it was in the game of golf.

Mr. Cox and Mr. Jacobus exchanged ideas about the appointment of a referee who should call the player in case of breaking a rule, even if the opponent did not see the infraction, this being suggested by Mr. Cox. In the face of all that has been said about roque as a quiet game, Mr. Jacobus said he thought the players were doing much to the credit of the game in conducting it with such a high sense of honor.

Secretary Foss suggested that there were many things to talk over at length, including cement borders, finances and other matters, and that the meeting should be adjourned to some convenient time. The general sense of the meeting was that nearly everybody could get around by 7:30 o'clock next Wednesday were as follows:

First Division—King beat Feltton, Cox beat Kirk, Clark beat Cox, Foss beat Feltton, Robinson beat Jacobus, Bosworth beat Cox, Williams beat Webb, Cox beat Feltton, Edmonds beat Foss, Williams beat Kirk, Clark beat Bosworth, Robinson beat Webb, Webb beat Edmonds, Bosworth beat Feltton.

How to Remove A Bad Complexion
(From London Fashions)

Cosmetics can never really help a poor complexion; often they are positively harmful. The sensible, rational way is to actually remove the thin veil of stifling, half-dead scarf skin from the face and give the fresh, vigorous and beautiful young skin underneath a chance to show itself and to breathe.

This is best done in a very simple way, by merely applying mercolized wax at night, like cold cream, and washing it off in the morning. Good mercolized wax can be obtained from any well stocked drugist. The laborer the disfiguring cuticle gradually and harmlessly, leaving a brilliant natural complexion. Of course this also takes with it all such facial blemishes as red blotches, tan, moth patches, sallowness, liver spots, pimples, etc. As a fresh remover and general complexion beautifier, this old-fashioned remedy is unequalled.

Band Will Play Tonight.
Tonight Tubbs' military band will be at the grounds and give a concert from 8 to 10 o'clock, the programme for which is as follows:

MANSION HOUSE LAUNDRY AND BUILDING BURNED.
Spectacular Blaze at Fisher's Island Late Wednesday Afternoon.

On Wednesday afternoon between 4 and 5 o'clock the laundry of the Mansion House at Fisher's Island caught fire, and it was but a short time before it was a mass of flames and completely destroyed. A two and a half story building adjoining, where the hotel employees slept, also caught and both burned to the ground. The cause of the fire is not known. It is expected that about \$5,000. No one was injured.

SECOND DAY SPENT ON CONDEMNATION MATTER.
Expected That It Will Be Finished Today—Values Fixed by Witnesses for Mr. Palmer.

In the superior court room here on Wednesday the second day was spent before Judge Shumway with the condemnation proceedings of the water board to secure the J. Raymond Palmer land in Montville. It is expected that the matter will be finished today.

W. H. Richards was given a long cross examination when court opened in the morning and in the afternoon he was called. He valued the farm at \$8,000 to \$9,000. Charles A. Johnson valued the farm at \$7,500, and Charles S. Johnson placed a value of \$7,000 on it.

W. A. Cooke of Mohegan said the farm is worth \$8,000, and Joseph Killen believed it is worth \$7,500. The value fixed by H. L. Rathbun of Montville is \$7,500.

Engineer Palmer is assisting Attorney Fanning in the case.

Charles R. Bogue of Montville said it was a rare thing for a farm in Montville to be sold for \$5,000, but he thought farms are on the increase. He referred to the purchase of the Haughton farm and the Eaton place in Montville for \$12,000 and \$5,000 as it is reported. He valued the farm at \$8,000.

C. S. Johnson said that in 1899 he went into the witch hazel business, having previously had a saw and grist mill. He owned a tract of 40 acres at \$50 each and the remainder at \$20 to \$30 each.

Speaking of the Palmer pond there, he said the city bought it for about \$2,000. He tried to buy it before the city did. He was not willing to give as much as the city did. There is a grist mill on the property with a capacity of 100 bushels of grain a day.

Mark H. Spaulding of New London, a papermaker associated with the Fibre License company of Norwich, and has been connected with pulp making concerns, was called. He said he had looked over the Thane river for a sufficient water supply to operate a 125-ton mill to cost a million and a quarter. There are five available brooks. The flow of one of the brooks. There isn't enough water in Stony brook to supply such a mill, he thought. For a storage basin it looks very good. The flow of the brook for paper purposes is worth \$70 to \$75 a day. He valued the property at \$47.50 an acre for water purposes. This does not include the buildings and timber.

At 4:30 o'clock the matter was adjourned until this morning at 10 o'clock. It is expected to finish the case today.
